

THE HOP CHURCHES

Suspension of Public worship due to Coronavirus (Covid 19) restrictions

In line with current guidelines regarding public gatherings, the Church of England have made the difficult decision to suspend public services in parish churches.

Our churches remain open for private prayer and reflection. They are places at the heart of our communities and have sustained us for generations with prayer and praise. They remind us of the courage and hope that has carried our communities through past times of trouble and they will continue to do so in the times we now find ourselves in.

For those of you who would like to join in guided worship at home, we have service booklets available for home prayer and reflection. If you would like to receive a copy please contact Revd Mandy Williams on the contact number or email address below.

We continue to hold you all in our prayers and are available should you need help or support.

Don't be afraid to get in touch.

Revd Mandy Williams – Rector of the Hop Churches
